

REMARKS

Claims 27-40 are now pending in this application for review and consideration.

Applicants wish to thank the Examiner for indicating allowable subject matter (claim 23 as originally filed). New claim 27 substantially incorporates the disclosure of claim 23 and its base claims. New claims 28-40 have been added to further clarify the invention. Claims 1-26 have been cancelled without prejudice to Applicant's right to file any continuation, continuation-in-part, and/or divisional applications.

With regard to all claims not specifically mentioned, these are believed to be allowable not only in view of their dependency on their respective base claims and any intervening claims, but also for the totality of features recited therein.

All claims are believed to be in condition for allowance. Should the Examiner disagree, Applicant respectfully invites the Examiner to contact the undersigned attorney for Applicant to arrange for a telephonic interview in an effort to expedite the prosecution of this matter.

CONCLUSION

In view of the foregoing remarks, reconsideration of the application, withdrawal of the restriction requirement, and allowance of all claims are respectfully requested. No fee is believed to be due for the amendments herein. Should any fee be required, please charge such fee to Procter & Gamble Deposit Account No. 16-2480.

Respectfully submitted,
